

## JOINTLUBE (M))

Formulated to provide relief from problems related to articulation.

JOINTLUBE is a feed supplement containing Vitamins, Trace Minerals, Amino Acids, Bioflavonoids, Grape Seed (extract), Yucca Shadeira (extract) and Glucosamine HCL 99+%. Uniquely formulated to provide relief from problems associated with arthritic changes, genetic disorders or injuries to the articulation, Jointlube guarantees a minimum 5000mg. of Glucosamine HCL 99+% per ounce.

JOINTLUBE-M has the same formulation along with 10000mg. of pure MSM per serving. Chelated (bioplex process) to offer maximum absorbability, Jointlube and Jointlube-M contain the finest ingredients available. As with all Jim Lewis Agri-Nutrition products, palatability is assured.

Actual Guaranteed Analysis  
Per 30 gram, 1 oz serving.  
Glucosamine HCL 99+% 5000mg  
Methylsulfonylmethane (MSM 100000mg – (Jointlube-M)
